Vacancy Communication

FUNCTION DESCRIPTION

Industria's Communications team is the bridge between the students and the praesidium. They make all of the Facebook and Instagram posts, but are also responsible for all the posters and banners for our events. In addition, they are also responsible for making the T magazines in which beautiful articles are published.

WHO WE ARE LOOKING FOR

For the Communication team we are looking for motivated and hardworking students with a creative mind. Knowledge of Photoshop or other photo editing programs is definitely good to have, but is not a must have. You will also be working in a team with other people so being a team player is definitely a must!

WHAT WE HAVE TO OFFER

During a year in the Communications team you will get the chance to express your creativity in designing visuals that will appear all over our pages. You will also get the chance to improve your Photoshop and Illustrator skills and to evolve your communication skills tremendously. And of course you will be part of a great team!
