

SECTOR NIGHT OF ELECTROMECHANICS

Company Guide

Industria
BUSINESS RELATIONS

PREFACE

Welcome to the sector night of electromechanics!

Some of you are already graduating this year. Maybe you will continue your studies, but for others, life as a student is over. This may come as a surprise to you, especially if you don't know yet how you will continue your life after Group T. Therefore, this evening is a unique opportunity to make all of this a lot clearer!

Tonight you get the chance to meet companies and see what they have to offer to start your career as an engineer. The world needs young and enthusiastic engineers like you. Everything you learned during your career at Group T is of enormous value in the future. This evening is your chance to look in which direction you want to go and our companies are only too happy to help. Even if you are not yet in your final year, this evening is ideal for looking for an internship or a thesis topic and expanding your network! We hope this event will help you open the right doors and shape your future. We would like to thank you for your participation and wish you all the best in the future!

DESCRIPTION

Hilde, Kim, Praveen, and Umberto. Colleagues come from every corner of the world at imec. More than 90 nationalities work at our headquarters in Leuven (Belgium) and sites worldwide. This is us.

More than 5,000 of us enjoy conversation over 13,125 coffees a day! Because here, everyone talks to everyone, regardless of their job, origin, gender, age, or religion. As one of the world's largest and most prominent R&D players in nanotechnology and digital innovation, we take on the challenges of tomorrow and the day after together. Here we work on technology 5 to 10 years ahead of what exists today so our partners can develop innovative applications that improve our lives. We help shape the future by creating technology that allows society to embrace a better life. We innovate in a high-tech environment with an ecosystem of local and international partners from the academic and business worlds.

But above all, imec consists of the people who work here: researchers, engineers, operators, software developers, lawyers, sales professionals, and countless others. The Hildes, Kims, Praveens and Umbertos. This is us.

But, enough about us. Now it's up to you.

Go to www.imec-int.com/careers and become one of us.

DESCRIPTION

At Siemens Healthineers, we value those who dedicate their energy and passion to a greater cause. Our people make us unique as an employer in the medtech industry. We therefore want to empower each individual to thrive. What unites and motivates our team is the inspiration of our common purpose: To innovate for healthcare, building on our remarkable legacy of pioneering ideas that translate into even better healthcare products and services. So that we can continuously challenge the status quo, we count on our colleagues to think big, fail fast, and want more.

With plenty of exciting positions open worldwide, we don't want to attract experts on paper only, but rather people with a Siemens Healthineers mindset. We offer you a flexible and dynamic environment and the space to move beyond your comfort zone to grow both personally and professionally.

vind! rekruteert talent in techniek, ICT & engineering voor bedrijven in West- en Oost-Vlaanderen. Ook talent in office met interesse in techniek kan bij vind! terecht. Wij geloven dat werken gelukkiger maakt dan niet werken. Zeker als je je talenten kunt gebruiken en jezelf steeds verder kunt ontwikkelen. Dat vormt je identiteit. Wij willen maximaal bijdragen aan het werkgeluk en daarmee het levensgeluk van de kandidaten die wij helpen. Het is dan ook onze ambitie dat elke kandidaat met goesting naar z'n werk gaat. Talenten in ICT, techniek en engineering starten hun zoektocht daarom als vanzelfsprekend bij vind!. Het is onze missie om een duurzame match tot stand te brengen tussen kandidaat en bedrijf, persoonlijkheid en cultuur, talent en taken, ambitie en uitdaging. Alles om stabiele en competente teams te creëren waarin mensen zich goed voelen, zich optimaal kunnen ontwikkelen en de organisatie helpen om steeds beter te presteren. In jouw vak liggen de jobs voor het rapen. En dat is mooi! Of toch niet? Want er is veel te kiezen en dat is niet altijd makkelijk. De beste job in ICT, techniek of engineering wil je natuurlijk niet laten liggen, maar je hebt ook niet alle tijd van de wereld om ernaar op zoek te gaan. Dus doen wij dat gewoon voor jou. En we stoppen niet totdat we die plek hebben gevonden waar jij gelukkig wordt. De job die helemaal klopt, die vind je via vind!

ALTEN

“Leading consultancy”

PRACTICAL INFORMATION

Antwerp, Brussels

700 employees

www.alten.be

OFFERS

Job

DESCRIPTION

ALTEN Belgium is a leading consultancy company in the fields of Engineering, Life Science and IT in which our people are central. ALTEN has two offices in Belgium, in Brussels and Antwerp. In the international market, ALTEN is part of the ALTEN Group, with over 30.000 consultants worldwide and has been operating since 1988. As such, we are one of the largest suppliers of technical consultancy in Europe.

We look forward to meet you

ALTEN Belgium is an inspiring company with a passion for solving technological challenges, to enhance and innovate together with our partners. Our logo may not always be visible, but we participated in many appealing projects, such as innovations enabling autonomous driving, developing sustainable mobility, testing of spacecrafts, developing technology and treatments to cure, heal or prolong human life or to ease the pain and suffering of human beings, solutions to improve mobility and traffic flow in Belgian cities, virtual reality solutions to assist in the construction of buildings, ensuring the quality of application developments for several public institutions.

Only by working with the very best people – those who possess both knowledge of and passion for technology are we able to offer answers to our clients' complex questions. Each of our employees supports the others by being willing and able to take part in individual coaching, training and knowledge exchange. And besides our hard work, we also like to meet each other and have fun during our monthly pub quiz, team buildings or annual party.

SICK

Sensor Intelligence.

“We deliver data through sensor solutions”

PRACTICAL INFORMATION

Asse

Beglië: 58 employees

www.sick.com

OFFERS

Job

Thesis

Internship

DESCRIPTION

Wereldwijd verwacht men de komende jaren een sterke groei in industriële automatisering; begrippen als Industry 4.0 en Factory of the Future zijn een realiteit, een realiteit waarin SICK als toonaangevende wereldspeler internationaal –sinds 75 jaar- een pioniersrol vervult. SICK België maakt deel uit van de Belgische top 10 in automatisering en is sterk gewapend voor de nieuwste uitdagingen in automatisering. SICK creëert innovatieve sensoren en sensoroplossingen voor zeer uiteenlopende markten en toepassingen. Zowel in industriële automatisatie, logistieke optimalisatie als in proces automatisatie worden we erkend als een solide expert. SICK stelt drie zaken voorop: expertise, service en oplossingsgerichtheid; op deze basis wil SICK zijn klanten volop ondersteunen om blijvend succes te boeken.

SICK België is daarnaast ook een bedrijf met respect voor individu en cultuur, waar mensen kansen krijgen zich persoonlijk te ontwikkelen, aangemoedigd worden mee te denken, ideeën te lanceren, ... kortom mee te bouwen aan de strategie en het succes van de onderneming & waar “fun at work” en work-life balance een realiteit zijn.

Nog enkele cijfers die onze positie onderstrepen: meer dan 10000 medewerkers wereldwijd, 2 miljard omzet, waarvan jaarlijks 10% geïnvesteerd wordt in R&D. In België realiseren we -sinds onze start in 1987- 30 mio omzet met een team van 55 geëngageerde collega's.

CAMCO
TECHNOLOGIES

"We automate, you operate"

PRACTICAL INFORMATION

Leuven, Ghent

180 employees

www.camco.be

OFFERS

Job

DESCRIPTION

Camco Technologies is the world leader in automation solutions in the container terminal industry.

We are pioneers in AI-based image recognition and real-time location technology-based applications helping container and inland terminals keep track of trucks and containers.

From our headquarters in Leuven, we develop innovative hardware and software enabling container terminals to finetune operations. By implementing the Camco solutions and services, terminals can improve terminal capacity, operation safety as well as profitability.

All our products are designed and made in our Leuven factory. More than 80 high-skilled craftsmen make the best automation products available on the market. More than 80 software engineers develop innovative AI, RTLS, and digital twin applications confirming our leadership in the terminal automation industry.

We empower employees to develop their skills while discovering different cultures worldwide. We value our people. We strongly believe in job crafting as the fast track to job satisfaction and success.

DESCRIPTION

Every year we welcome dynamic, passionate and creative team players at BASF Antwerp in various fields: (electro)mechanics, electrical, energy, chemical technology, etc.

BASF offers every colleague a pleasant working environment, with solid training tools and focus on continuous learning.

With our slogan “We create chemistry” we highlight our production of high-quality products and intelligent solutions. For example, BASF plays an important role in finding answers to global challenges such as climate protection, energy efficiency, nutrition and mobility. Our large production site in Antwerp will operate entirely on green energy as of next year, and has the ambition to be climate neutral by 2030. Would you like to be part of this fantastic goal?
