

Year	Course	Book
1	wiskundige basistechnieken	deel 1: analytische meetkunde deel 2: lineaire algebra deel 3: analyse oefeningen
	Fundamentals of mathematics	part 1: analytic geometry part 2: linear algebra part 3: calculus exercises
	Dynamica en energie	Dynamics & Energy Part 1: Hibbeler
	Dynamics and energy	Dynamics & Energy Part 2: Giancoli
	Chemie	
	Chemistry	Chemistry, 14th edition
	onderneming en ethiek	
	ingenieur en economie	Bedrijfskunde en ondernemen
	onderneming en ethiek	Wij, robots
	Statics and stenght of materials	Statics and Strength of Materials
	IB 1	Onzekerheidsanalyse
	EE 1	Technisch tekenen
	IB 1	uncertainty analysis
	EE 1	Technical drawing
		Technical drawing exercises
2	Wiskunde voor systemen	Wiskunde voor systemen oefeningen
	Mathematical systems	Mathematical systems exercises
	wisselstroomnetten	book from Acco
	alternating currents	book from Acco
	ingenieur en economie	Bedrijfskunde en ondernemen
	organische chemie	
	organic chemistry	Organic Chemistry a short course 13th edition
	inleiding tot procestechnologie	inleiding tot procestechnologie
	Data acquisitie	
	data aquisition	book from Luc Jansens
	Toegepaste mechanica en dynamica	
	applied engineering mechanics and dynamics	Applied Mechanics and Dynamics: Hibbeler
	productietechnologie 1:	Industriële productie
	verspaning en scheidingstechnieken	Het voortbrengen van mechanische producten
	IB 2 - EM	
	EE 2 - EM	Mechanical and Metal Trades Handbook
	communicatienetwerken	Computernetwerken: a top down approach
	communication networks	Computer networking: a top down approach
3	dimensioneren van machinesmachine design	Roloff-Matek machineonderdelen theorieboek Roloff-Matek machineonderdelen tabellenboek
	elektrische machineselectrical machines	Electric machinery fundamentals

thermodynamische installaties	Fitzgerald & Kingsley's Electric Machinery book from Acco
besturingssystemen	
operating systems	Operating System Concepts Tenth Edition
digitale signaalverwerking	
digital signalprocessing	digital signalprocessing digital signalprocessing: slides
elektronisch ontwerp	
electronic design	book from Luc Jansens
Sensors and actuators	
Sensoren en actuatoren	book from Luc Jansens
instrumentele analytische chemie	
instrumental analytical chemistry	Analytical Chemistry
scheidingstechnologie	
seperation technology	Separation Process Principles Lucht, water, bodem
milieutechnologie	over milieuproblemen en hun oplossingen
Chemical engineering computing	Introduction to Chemical Engineering Computing
molecular biology	Molecular Biology of the Cell 7th edition
master Engineer as a professional: Interpersonal Competences / interpersoonlijke competenties	Inspirerend coachen Getting to Yes. Negotiating agreement without giving in
Dynamische aspecten van machinebouw	Dynamische aspecten van machinebouw
advanced programming techniques	Beginning C++ 20
