

SECTOR NIGHT OF **ELECTRONICS & ICT**

Company Guide

Industria
BUSINESS RELATIONS

PREFACE

Welcome to the sector night of electronics-ICT!

Some of you are already graduating this year. Maybe you will continue your studies, but for others, life as a student is over. This may come as a surprise to you, especially if you don't know yet how you will continue your life after Group T. Therefore, this evening is a unique opportunity to make all of this a lot clearer!

Tonight you get the chance to meet companies and see what they have to offer to start your career as an engineer. The world needs young and enthusiastic engineers like you. Everything you learned during your career at Group T is of enormous value in the future. This evening is your chance to look in which direction you want to go and our companies are only too happy to help. Even if you are not yet in your final year, this evening is ideal for looking for an internship or a thesis topic and expanding your network! We hope this event will help you open the right doors and shape your future. We would like to thank you for your participation and wish you all the best in the future!

DESCRIPTION

It is increasingly challenging for companies to keep up with new technology and developments in systems and processes. TriTechnology provides a combination of services that enable organizations to keep pace with developments and changing business needs. With the help of technology, departments must become more efficient and resilient with the aim of continuously improving employee and customer experiences.

Everything is built around people's growth and motivation, all focused on the furthering of our people. We grow through the growth of our people.

OFFERS

Job

Thesis

Internship

We currently have more than 100 outstanding vacancies in a lot of different domains. In addition, we also believe in tomorrow's talent. As such, we offer students the opportunity to do an internship, thesis research or vacation work at Atlas Copco.

DESCRIPTION

What do you think of when you hear 'Atlas Copco'? In case you already know us, the first word that comes to mind will probably be 'Compressors'.

But actually we are much more than that. Atlas Copco is the number one specialist in high and low pressure compressed air compressors, power groups, construction equipment, as well as industrial tools and assembly systems. We are part of the Atlas Copco Group, a Swedish multinational that will celebrate its 150th anniversary next year, and together we are always looking for a better way.

Do you want to be part of this search? Great! Visit us at the Sector Night and who knows, maybe you will soon be part of the Atlas Copco team!

OFFERS

Job

DESCRIPTION

At Siemens Healthineers, we value those who dedicate their energy and passion to a greater cause. Our people make us unique as an employer in the medtech industry. We therefore want to empower each individual to thrive. What unites and motivates our team is the inspiration of our common purpose: To innovate for healthcare, building on our remarkable legacy of pioneering ideas that translate into even better healthcare products and services. So that we can continuously challenge the status quo, we count on our colleagues to think big, fail fast, and want more.

With plenty of exciting positions open worldwide, we don't want to attract experts on paper only, but rather people with a Siemens Healthineers mindset. We offer you a flexible and dynamic environment and the space to move beyond your comfort zone to grow both personally and professionally.

DESCRIPTION

Within Nexios IT, we don't like to be mainstream. On a daily basis we deal with **high-end projects** require non-standard solutions. To cope with these challenges, we are continuously looking for the best talents to strengthen our team. Since our creation, we have been successful in attracting, developing and retaining great **professionals**, this by being different in our approach and by respecting our win-win philosophy.

By offering a wide range of **training courses** and creating a stimulating working environment, we do everything we can to give our employees the opportunity to fully develop their potential. Also our consultants have a tailor made **career plan** allowing them to grow according to their ambitions and personal expectations.

In the Nexios Community our consultants can interact with colleagues and debate about technical topics. Thanks to a number of **internal projects** our consultants can experiment with different roles, take their first steps in Project Management and/or expand their technical skills. By joining Nexios, you are in the driver's seat of your own career.

DESCRIPTION

Wij zijn een business & ICT consultancy organisatie die haar klanten helpt bij het realiseren van hun strategische doelstellingen in de digitale wereld. We doen dit door mee te denken met onze klanten, hun uitdagingen te begrijpen, hen te helpen innoveren in de diensten die ze in de markt willen zetten en mee te bouwen aan de technologie die daarvoor nodig is. Vanuit het consultancy aspect helpen we ook de interne processen van onze klanten te verbeteren. Daarnaast zijn we binnen onze AE Studio ook bezig met het bouwen van onze eigen producten. Vanuit AE Studio helpen we klanten om de juiste strategie te definiëren, digitale oplossingen te bouwen en bieden kwalitatieve ondersteuning en diensten op lange termijn.

Sinds 2011 mogen we ons bij AE jaar na jaar een Great Place to Work noemen. Naast onze klantgerichte mindset vinden we het uiterst belangrijk om de verbondenheid en samenwerking tussen onze collega's te versterken. AE'ers helpen elkaar. Kennisdeling, vorming en betrokkenheid zijn bij ons dan ook dagelijkse kost. We helpen je om jouw persoonlijke doelstellingen te definiëren en ondersteunen je in jouw groei. Zo neem je jouw carrière in eigen handen en evolueer je in de richting die jij voor ogen hebt.
